- 29** SPIRIT STICKS SALES at lunches

Thank you! Thank you for the lovely Valentine's gifts. The students had a great time sharing their valentines with each other! Thank you to the families who have donated to our Fiesta Auction basket!!! You rock!!

TO-DO

Please be sure your child has a water bottle and two or more snacks each day. We also ask that you keep a full set of extra clothes in your child's backpack!

GOOD THINGS:

PLAY: Our students have made great progress towards appropriate parallel, associative, and cooperative play. Sharing and turn-taking are sometimes hard skills to acquire and our students have been working hard to play appropriately!

The art/writing station is a popular station this year. We would like to ask for donations of coloring books, activity books, and stickers to expand our art and writing options!

The students love the library and Mrs. Polk! Next week we will not have our usual library time due to the **Scholastic Book Fair**. You can send money if you'd like your child to purchase a book. Please plan to put any cash into an envelope or bag and label with your child's name, the amount, and how much your child can spend!

Our students LOVED show and tell! We plan to make this a weekly event, but we will have assigned days for each child so that only 3-4 children share per day. I will send out more information about this next week and we will begin our show and tell schedule the following week.

We need Chlorox wipes! If you are willing to donate, we need some to get by until our shipment from Central Office comes in.
