

CAMPUS CONSTRUCTION NEWSLETTER

What's going on at my Campus?

We've created a new place for all your Bond 2022 Construction updates! Please read on for construction news concerning your campus!

Upcoming Projects

The **Boerne ISD Aquatic Learning Center** is scheduled to bid in July. This means we will likely break ground in August 2023. Stay tuned for an update on our new pool!

Boerne High School

BHS Classroom Addition – Satterfield & Pontikes has been awarded the contract for the BHS Classroom Additions project. At this time, the contractor has mobilized. They have installed silt fabric and protective tree fencing in affected areas. Currently, we are working with the city to receive a construction permit. Once the permit has been issued, the contractor will commence with construction. We will notify the campus administration once a permit has been received.

Tennis Court Lighting – Construction is scheduled to start the second week of June and we should have substantial completion by August 3, 2023.

BISD Stadium – Hellas Construction has been awarded the contract for the BISD Stadium renovations. Construction is scheduled to begin May 27, 2023 with substantial completion scheduled prior to the first Varsity home football game.

BHS Courtyard – RL Rhode has been awarded the contract. Construction is scheduled to begin at the end of May with substantial completion by the beginning of the 23-24 school year.

Air Filtration – We will be updating the air filtration system in our nurse's offices. The Contractor will mobilize the second week of June 2023. The project is scheduled to be completed by beginning of the 23-24 school year.

Additional Projects in the works!

Old Central Office

DL Bandy has been awarded the construction contract. We are working with the city on permitting.

Secure Vestibule at Central Office Training Rooms

Construction has been awarded to SpawGlass who will begin construction the first week of June 2023 with scheduled substantial completion by August 3, 2023.

Elementary #8

Construction of the new elementary school has begun! The contract was awarded to DL Bandy Constructors. The project is scheduled to be substantially completed by the 24-25 school year.

Camera, Card Reader and Door Alarm Upgrades

Every campus will be receiving upgrades including camera replacement, new camera installation (interior and exterior) additional card readers installed at key entrances, remote access controls on key identified doors and infrastructure upgrades to improve the security system. This project is planned to be completed summer 2023.

Boerne ISD Legacy Campus Rekeying

BHS, CHS, KES, CCES, and FORES will have the door hardware rekeyed to match the same key system as the rest of our campuses. This work is scheduled to be completed during summer 2023.

Security Upgrade Window Film and Fencing

This project is intended to identify improvements to the security for our campuses. Window film applied to exterior windows to increase facility hardening without affecting the appearance of our campuses. This project does not have a firm timeframe for completion as it is still in design and review.
